## 1. SCOPE

- 1.1 The purpose of this policy and procedure is to ensure that there is a document control system so that current versions can be identified and located and obsolete documents are removed from use.

## 2. INTRODUCTION

- 2.1 Core Documentation at the University College of Osteopathy (UCO) falls into the following categories. The table below indicates the types of core documentation and how the UCO manages, stores and publishes it.

TABLE 1

<b>Core Documentation Category</b>	<b>Storage Location</b>	<b>Publication Location</b>	<b>Responsibility</b>
Course Documentation Course Information Forms Unit Information Forms Course Handbooks Unit Handbooks	J:\0 Quality Team - Core Documentation	BONE	Core Documentation Holder
Institutional Documentation Guidelines Handbooks for External Persons	J:\0 Quality Team - Core Documentation	UCO Portal	Core Documentation Holder
Operational Documentation Committee Minutes	J:\0 Quality Team - Core Documentation	N/A Available on Request from the Core Documentation Holder	Core Documentation Holder
Policies, Procedures & Regulations (including the Academic Quality Framework)	J:\0 Quality Team - Core Documentation	Website	Core Documentation Holder
Committee Terms of Reference	J:\0 Quality Team - Core Documentation	UCO Portal	Core Documentation Holder

## 3. ROLES AND RESPONSIBILITIES

- 3.1 The Deputy Vice-Chancellor (Education) has overall responsibility for the Core Documentation Management Policy and Procedure.
- 3.2 The Core Documentation Holder is responsible for storing and publishing all master versions. They are also responsible for the management of the Policy, Procedure and Regulation Development and Review Schedule and hold all records of review documentation on behalf of the Quality Team.

- 3.3 The Policy, Procedure and Regulation Development and Review Schedule details all of the UCO's policies, procedures and regulations including details of their development and review schedules. It is implemented via the Policy, Regulations and Audit Group and is reported upon annually to the Quality Assurance Committee.
- 3.4 Document owners are responsible for making amendments to core documents in-line with the review cycle, which must include following the Version Control Policy and Procedure. Once the document is approved the owner must send it to the Core Documentation Holder so that it can be stored, recorded and published.
- 3.5 All staff can access the published versions of core documentation from the UCO's intranet.
- 3.6 All staff are encouraged to use the documents on the UCO's website for all policies, procedures and regulations and to use those uploaded onto BONE for all course documents. Staff are reminded not to rely on printed copies as being the most up to date versions.
- 3.7 Members of the Quality Team only have access to the master copies of core documentation and records of documentation revision. This includes the Deputy Vice-Chancellor (Education), and the Head of Quality, who is normally also the Core Documentation Holder.

## 4. DOCUMENTATION STORAGE AND PUBLICATION LOCATIONS

### A) MASTER VERSIONS AND RECORDS OF DOCUMENTATION

- 4.1 Master versions of core documentation, the Policy, Procedure and Regulation Development and Review Schedule and records of documentation revisions are stored by the Quality Team. These are not accessible by other staff or students.

### B) PUBLISHED VERSIONS

- 4.2 A final, approved version of a Core Document is published as an un-editable document on the UCO Portal, website or BONE as detailed in Table 1. A record of each document is listed in the Core Documentation register, which includes information about its date for review and documentation history (Appendix A).
- 4.3 The Core Documentation Holder oversees the processes for documentation storage and the Chair of the Policy, Regulations and Audit Group (PRAG) is responsible for initiating reviews; this includes maintaining the register and triggering document owners to update documentation following the review cycle.

### C) ADDITIONAL DOCUMENTATION LOCATIONS

- 4.4 The master version of a course specific core document may be made available by a member of staff in other locations (for instance electronically – e.g. on BONE). The master version is an un-editable document so it cannot be amended when it is copied to another location.
- 4.5 Staff are encouraged not to print off copies of documents but to refer to the Core Documents on the website for all policies, procedures and regulations and to BONE for all core documents regarding course information.
- 4.6 All documents on the website are the most up to date versions and should be used by all staff and students.
