

UCO Student Course Fee Bursary

SCOPE

The University College of Osteopathy (UCO) recognises the benefits of having an increasingly diverse student body. We do our best to ensure that any barriers to entry are removed, making our education and services accessible to all those that wish to study with us.

The main purpose of the UCO Student Course Fee Bursary is to support students that are not eligible for funding from Student Finance England or any other sponsors, and that are struggling to meet payments for their tuition fees.

For the academic year 2023-2024 the maximum amount that can be awarded is up to £3000 towards course fees, with payment made directly to the UCO.

ELIGIBILITY

Priority is given to students that find themselves in financial hardship through no fault of their own and that would otherwise have been able to pay their tuition fees. However all current students on the M.Ost are welcome to apply.
