GOVERNMENT STUDENT SUPPORT AND ‘HOME’ FEE STATUS ELIGIBILITY FOR EU STUDENTS

EU students starting a programme in the 2020-21 academic year will be charged the same rate as Home/UK students and will also be able to access the same financial support for the duration of their programme.

1. INTRODUCTION

- 1.1 The University College of Osteopathy (UCO) is committed to a fair and transparent policy in respect of fees and charges it expects students to pay. The UCO has an obligation to safeguard public funds and ensure that it delivers value for money to students.

2. SCOPE

- 2.1 To outline the policy regarding tuition fee rates, payment of tuition fees, financial support and financial regulations for students.

3. STUDENTS LIABILITY FOR PAYMENT OF FEES

- 3.1 Students retain ultimate liability for payment of their fees, whether invoiced or not, including where sponsorship agreements have been approved. The UCO will ultimately always seek to recover fees directly from students in cases where payment of approved sources is not forthcoming.
- 3.2 The UCO reserves the right to take appropriate action against students who fail to pay their fees, or make satisfactory arrangements to pay on, or by the end of a set period after the start date of their course. Further, the UCO reserves the right to withhold degree certificates, transcripts, references, and to prevent students from participating in graduation ceremonies.
- 3.3 In the event of any conflict between this policy and other documents or publications containing reference to fees, this policy shall have precedence.
- 3.4 Other than in a student’s offer letter, only the Student Finance Officer, Finance Manager and Finance Director are authorised to provide a definitive statement on tuition fees. All other tuition fee information provided by non-authorised staff shall be considered advisory only and non-binding on the UCO. Students or staff requiring definitive confirmation of fees should contact the Student Finance Officer.

4. SETTING TUITION FEES

- 4.1 Tuition fee rates are reviewed and approved annually by the Senior Management Team. Information used in the determination of tuition fee rates includes:
- a) the maximum fee limit for Home/UK students set by the UK Government
 - b) The UCO’s commitments made in its Access and Participation Plan agreed by the Office for Students (OfS)
 - c) Recruitment levels to courses

d) Market intelligence

4.2 The University College of Osteopathy has a mission and set of values which recognise that students have a variety of personal and financial circumstances. The UCO sets and collects fees with this mind.

4.3 The UCO's tuition fees are charged to students on an academic year/annual basis and depending on a student's fee status and the applicable fee regime, will be subject to annual increases throughout the duration of the course.

5. COHORT

5.1 The UCO assigns all students a 'cohort' when they start a new course registration. The cohort is used to determine the fees and fee regime applicable to each student. The cohort changes if a student takes up a new course registration or returns from a break in study in excess of the maximum permitted.

5.2 Students moving to a new course as a result of an internal transfer, without a break in study will retain their original cohort.

5.3 Undergraduate students transferring to the UCO from another institution without a break in study or who are otherwise able to demonstrate they should be considered as 'continuing' for the purposes of funding will be assigned a cohort that reflects their continued eligibility for their existing fee regime.

6. DEFINITIONS OF A NEW STUDENT

6.1 A student starting a new course at the UCO in the current academic year or;

6.2 A student who previously studied at the UCO, starting a new course in the current academic year, where the course is at a different level (e.g. postgraduate, not undergraduate) from any course taken during the previous academic year or;

6.3 A student who is continuing the same course at the UCO following an authorised break from study of more than two years or;

6.4 A student changing their mode of study (e.g. from full-time to part-time). This is distinct from changing to a part-time mode of attendance whilst still registered on a full-time course.

7. DEFINITIONS OF A CONTINUING STUDENT

7.1 A student who is continuing the same course at the UCO as in the previous academic year or;

7.2 A student who is continuing the same course at the UCO as in the previous academic year or following an authorised break from study of less than two years or;

7.3 A student transferring course within the UCO or transferring in from another higher education institution and not changing their mode of study (e.g. from full-time to part-time).

8. UNDERGRADUATE STUDENTS – FEES, MAXIMUM FEE LIMITS AND INCREASES

A) HOME/UK FEES (AND THE MAXIMUM FEE LIMIT)

- 8.1 The maximum fee limit set by the UK Government is the maximum fee chargeable for a particular student group or course. The Department for Education is responsible for determining maximum fee limits and may revise them on an annual basis in line with government policy.
- 8.2 For all students, fees are likely to increase between academic years and for new cohort intakes. Both full and part time fees may increase for each year of study. The fees set for new cohorts will reflect the fee appropriate for the course and year of intake:
- New full-time students – fees will be set at the maximum fee limit permitted by the UK Government for each course.
 - New part-time students – fees will be set on or below the maximum student funding made available by the UK Government for each course.
 - Continuing full-time students – where the UK government permits the maximum fee limit to rise, the UCO may choose to track these changes for continuing students. Fees for continuing full-time students may therefore rise in each subsequent year of study based on the maximum fee limits set by the UK Government.
 - Continuing part-time students – fees for continuing part-time students will rise in each subsequent year of study subject to the maximum student funding made available by the UK Government for each course.

B) OVERSEAS FEES

- 8.3 Students paying the 'overseas' fee for a course are set by the UCO. Both full and part time fees may increase for each year of study.
- New students – fees are set at point of entry based on prevailing conditions.
 - Continuing students – fees will rise in each subsequent year of study in line with the Retail Price Index (RPI).

C) OFFSHORE FEES

- 8.4 The maximum amount of tuition fees that an institution may charge full and part-time offshore undergraduate students is set by agreement with the island governments and the fee charged will not exceed the maximum fee limit set for Home/UK undergraduate students.
- 8.5 The UCO applies the same principles to maximum fee limits for offshore students as it does for Home/UK undergraduate students (see section 8.1).

9. POSTGRADUATE TAUGHT & RESEARCH STUDENTS – FEES, MAXIMUM FEE LIMITS AND INCREASES

- 9.1 The UCO sets fees for each new intake on postgraduate courses based on prevailing conditions.
- a) New students – fees are set at point of entry based on prevailing conditions.
 - b) Continuing students – fees will rise in each subsequent year of study in line with the Retail Price Index (RPI).

10. PUBLICATION OF FEES

- 10.1 The UCO publishes fees on its website each year:
<https://www.uco.ac.uk/courses/course-fees>

11. PERIOD OF REGISTRATION

- 11.1 Students usually register at the start of each academic year, the duration of which is a maximum of one year. At the end of this period, students are required to register again at the start of the next academic year.
- 11.2 The tuition fee policy in place at the start of a students' first academic year remains in effect for the duration of that academic year and will be revised and updated on an annual basis. Revised versions apply to each subsequent academic year.
- 11.3 Students deferring their place at the UCO will not normally be able to retain their eligibility for the fees applicable to their original intended first period of study. Usually students taking up a place will be charged the fees applicable to their course at the time they actually commence study.

12. UNDERSTANDING THE POLICY

- 12.1 This policy should be read carefully. Students who have difficulty reading or understanding this policy should contact the Student Support Officer in the first instance.

13. TUITION FEE RATES FOR THE ACADEMIC YEAR 2020-21

13.1 All fees are charged to students on an academic year/annual basis and depending on a student's fee status and the applicable fee regime, will be subject to annual increases throughout the duration of the course. Fees for the academic year 2020-21 are shown in the table below:

Course	Year of entry	Mode of study	Home/UK fee for the year	Overseas fee for the year
Introduction to Sciences	All intakes	-	Free	Free
Access to Higher Education Diploma	All intakes	Part-time	£1,400	£1,400
M.Ost	2017 onwards	Full-time	£9,250	£11,100
M.Ost	Prior to 2017	Full-time	£9,000	£11,100
M.Ost	All intakes	Part-time	£6,850	£8,900
MSc Osteopathy (Pre-Registration)	All intakes	Full-time	£9,550	£10,900
Postgraduate Certificate in Specialist Paediatric Osteopathic Practice	All intakes	Part-time	£4,270 (£1,220 for unit 1; £3,050 for unit 2)	£4,270 (£1,220 for unit 1; £3,050 for unit 2)

13.2 The fee for each student is determined with reference to the tuition fee rates, the student's course of study, the mode of study (i.e. full-time or part-time), the number of units that the student is taking and the student's fee status (i.e. their eligibility to be charged Home/UK or 'overseas' fees, [see section 18](#)).

13.3 The exact fee is calculated once students have enrolled, at which stage the UCO will have information on fee status and any units eligible for Recognition of Prior Learning.

13.4 All students are subject to the full fee liability regardless of when they start the course during the academic year.

13.5 All students are subject to the full fee liability regardless of their attendance unless they have interrupted their studies in line with the Suspension of Studies & Withdrawal Policy.

14. FEES FOR REPEATING STUDY

14.1 Students who repeat/retake a year or unit must pay the appropriate fee.

14.2 No additional charges are made to students who defer or resit examinations or resubmit coursework during the same academic year e.g. a first exam attempt in June, with a subsequent resit in September will not incur any additional fees

14.3 Charges for retake/assessed units are shown in the table below:

Course	Retake (taught) element	Fee for the year
Access to Higher Education Diploma	Units worth 50% or less of the total number of credits awarded for the academic year	50% of the full fee
Access to Higher Education Diploma	Units worth over 50% of the total number of credits awarded for the academic year	100% of the full fee
M.Ost (FT and PT) MSc Osteopathy (Pre-Registration)	Units worth 50% or less of the total number of credits awarded for the academic year	50% of the full fee
M.Ost (FT and PT) MSc Osteopathy (Pre-Registration)	Units worth over 50% of the total number of credits awarded for the academic year	100% of the full fee
Postgraduate Certificate in Specialist Paediatric Osteopathic Practice	Per unit	50% of the unit fee

15. CHANGING COURSE OR MODE OF STUDY

15.1 Students who change course or mode of study may be required to pay a different fee.

16. INTERRUPTION OF STUDY

16.1 Students may ask to take time away from the UCO, interrupt their studies and return at a later point, usually the following academic year.

16.2 Where students interrupt their studies and return at the beginning of the next academic year in line with section 4.8 of the [Suspension of Studies & Withdrawal Policy](#), they are normally liable for the fees that apply in both academic years of study. For 2020-21, students are liable for the fees shown in the table in [paragraph 34.4](#). In the following academic year students are liable for the full fee charged for their course as outlined in the 'Tuition Fee Policy for Students 2021-22'. In exceptional circumstances, such as when a student is affected by a long period of illness, the tuition fees charged may be adjusted at the discretion of the Finance Director in consultation with the Registrar and Course Leader.

16.3 Where students interrupt their studies and have approval from the Course Leader to resume the course at the same point at which they interrupted their studies, they remain liable for the fee for the original academic year of study as shown in the table in [paragraph 13.1](#) with no charge being made in the following academic year.

16.4 Students in receipt of a tuition fee loan from Student Finance are subject to different rules ([see section 27](#)).

17. FEES FOR STUDENTS WITH PRIOR DEGREE LEVEL QUALIFICATIONS (RPL)

17.1 Recognition of Prior Learning is the awarding of credits for learning which the student has undertaken with another university or college.

17.2 The UCO charges the following non-refundable fees to submit an application for RPL:

- a) One unit £300
- b) Two or more units £500

17.3 Successful applications will receive a fee waiver equivalent to the application fee paid and will be charged tuition fees according to the number of units they have to sit assessments, as per the table in [section 14.3](#).

18. FEE STATUS AND OVERSEAS FEES

18.1 The UCO charges two levels of fee: a lower Home/UK fee and a higher 'overseas' fee. Whether a student pays a Home/UK or 'overseas' fee depends on whether they meet certain criteria.

<http://www.ukcisa.org.uk/International-Students/Fees--finance/Home-or-Overseas-fees/England-Higher-Education/>

18.2 All students are required to complete a fee assessment form to determine their fee status, i.e. their eligibility to be charged Home/UK or 'overseas' fees. Students must provide documentary evidence to support their assessment and this will be used to determine their fee status and the amount of the fee charged.

18.3 Students who are uncertain of their fee status should contact the Registrar.

19. INTERNATIONAL STUDENTS DEPOSIT

19.1 All new international students starting a course at the UCO are required to pay a non-refundable deposit of £1,000. All students are expected to pay the deposit prior to creating a CAS (Confirmation for Acceptance of Studies) with UK Visas and Immigration; this is to enable students to apply for a visa.

19.2 The balance of the tuition fees (i.e. less the deposit outlined in [paragraph 19.1](#)) will become due at registration.

20. PAYMENT OF TUITION FEES

20.1 Full or partial contribution to fees can be made by one or more of the methods below:

- a) Bank Transfer
- b) GBP (£) sterling cheque or bankers' draft

- c) Cash GBP (£) only
 - d) Debit/credit card
 - e) Payment plans (instalments by Direct Debit)
- 20.2 Unless otherwise agreed, tuition fees for international students and those paying for themselves without sponsorship from the Student Loans Company (SLC) are due and payable either on the first day of the student's course, academic year or at registration (whichever is the earlier).
- 20.3 If arrangements to pay tuition fees are not made by the student at registration, the UCO will subsequently make every effort to remind students that fees are due by email. However, these are reminders only and students are contractually responsible for paying fees on time whether emails are received or not.
- 20.4 It is the student's personal responsibility to ensure that fees are paid and cleared on time. This is the case irrespective of whether the student believes that the tuition fees are to be paid by a sponsor. Sponsorship arrangements through Student Finance must be supported by proof from the SLC of funding at the time of registration.

21. BANK TRANSFER

21.1 This is the UCO's preferred method of payment and students should make payment before the start of their course or academic year.

21.2 The UCO's bank details are:

Bank Name:	Barclays
Bank Address:	1 Churchill Place, London, E14 5HP
Account Name:	University College of Osteopathy
Account No:	30196207
Sort Code:	20-65-82

21.3 For transfers from overseas bank accounts, the following information will also be required:

IBAN No:	GB45BARC20658230196207
Swift Code:	BARCGB22

21.4 Please note that charges for overseas bank transfers are often made by both the payer bank and our bank and these charges will be passed on to the student.

21.5 For students paying fees by bank transfer, the reference should include the full name of the student.

22. GBP (£) STERLING CHEQUES / BANKERS' DRAFTS

22.1 All cheques/bankers drafts should be made payable to the University College of Osteopathy with the student's name and address written clearly on the back of the cheque.

22.2 Students can bring the cheque with them on the first day of the academic year or on registration (whichever is the earlier) or, allowing for sufficient time, post it in advance to the following address:

Student Finance Officer
University College of Osteopathy
275 Borough High Street
London
SE1 1JE

23. CASH PAYMENTS

23.1 Students who wish to pay fees in cash should bring the payment with them on or before the first day of their course or academic year or at registration (whichever is the earlier).

23.2 All payments should be made in sterling.

24. DEBIT/CREDIT CARD

24.1 The UCO accepts payment from most major debit/credit cards.

24.2 There is an administration charge for payments by credit card of 2% (minimum charge £3).

24.3 Students can either bring in the card with them on the first day of their course or academic year or at registration (whichever is the earlier) and fill in a Debit/Credit Card Payment Form or alternatively pay in advance by contacting the Student Finance Officer.

25. PAYMENT PLANS (INSTALMENTS BY DIRECT DEBIT)

25.1 The UCO has a payment plan that allows students to spread the payment of their fees over a number of months by direct debit.

25.2 Arrangements to pay tuition fees by instalments must be made at or before registration.

25.3 Payment plans are not directly tied to liability periods (i.e. if a student pays £1,000 per month for 3 months from October to December, the total paid of £3,000 is not the fee owed for this period).

25.4 In order to pay by instalments, a student must have a UK bank account capable of processing direct debits.

25.5 The standard payment plans are nine consecutive monthly instalments due on the 4th of each month or the next working day in cases where the 4th is a weekend or bank holiday.

25.6 In the exceptional event that a student is delayed in completing the direct debit mandate, the payment plan will be amended to meet the remaining instalment dates and the end date is not extended to compensate.

25.7 On an exceptional basis, where extenuating circumstances have been demonstrated, the Student Finance Officer may approve an individual plan with a student.

25.8 There are no extra charges associated with payment plans.

25.9 Students wishing to pay by this method should email the Student Finance Officer before the start of their course or academic year. The UCO will email details of the agreed direct debit payment plan and the number of instalments to the student.

25.10 For more information or advice, please contact the Student Finance Officer, email student-finance@uco.ac.uk.

26. SPONSORSHIP

26.1 Students may ask the UCO to invoice external sponsors, such as employers or other organisations directly.

26.2 Students must provide an original letter (on headed paper) from the sponsor confirming the amount or proportion of the fees they are paying on or before the beginning of the course or academic year.

27. 'STUDENT FINANCE' FUNDED STUDENTS (UNDERGRADUATE HOME/UK STUDENTS ONLY)

- 27.1 Designated undergraduate courses attract funding from the UK Government (and devolved administrations) via the Student Loans Company (Student Awards Agency for Scotland for students from Scotland). For ease of reference, 'Student Finance' refers to the Student Loans Company (SLC) and the four assessing authorities (listed below):
- Student Finance England (SFE)
 - Student Finance Wales (SFW)
 - Student Finance Northern Ireland (SFNI)
 - Student Awards Agency for Scotland (SAAS)
- 27.2 Depending on where they normally live, all undergraduate students requiring financial support should make an application for a financial assessment with one of the Student Finance assessing authorities. This may include an assessment for living cost and/or a loan for the payment of tuition fees.
- 27.3 Most EU students will only be eligible for tuition fee support. Details about the forms of UK government support available to Home/UK students can be found on <https://www.gov.uk/student-finance>
- 27.4 Students who have received written confirmation from the SLC that they are entitled to a grant or loan towards their fees, should give this confirmation to the Student Finance Officer. These students can then deduct the value of this grant or loan from their payment. They will however, remain liable for fees following any reduction in support payable arising from a reassessment of their grant or loan.
- 27.5 Students who are eligible for funding from the SLC must ensure that their applications for funding are confirmed at or before registration. An intention to apply for funding is insufficient.
- 27.6 It is the student's responsibility to complete all student loan funding applications truthfully and accurately.
- 27.7 Student Finance have the right to reassess students and where necessary amend or remove funding and the UCO will reflect these changes in the student fee record. This may mean students have funding removed after it has been paid and may, therefore, become liable for tuition fees.

27.8 Student Finance will make payment to the UCO in three disbursements, based on the loan liability points illustrated in the table below:

Loan Liability for proportion of Tuition Fee Loan	First payment by Student Finance to the UCO	Proportion of full year's fee paid to the UCO by Student Finance	Example Period
Term 1 – Day 1	3 rd Wednesday in October	25%	Sept - Dec
Term 2 – Day 1	4 th Wednesday in October	25%	Jan - Apr
Term 3 – Day 1	1 st Wednesday in May	50%	Apr - Jun

Entitlements and liability come into force and/or accrues on the first day of each term.

- 27.9 Students not applying for support from Student Finance are required to make arrangements for the payment of their fees to complete their registration.
- 27.10 Students who have funding applications rejected by Student Finance after they have started their course will be liable to pay their own tuition fees. Students receiving late notification of rejected applications will become liable to pay their own fees and should contact the Student Finance Officer as soon as possible to discuss their options.
- 27.11 Students with tuition fee loans from Student Finance may transfer to another institution following the official start of their course. In these cases, the UCO will retain the tuition fee loan for the period up to and including the transfer, as detailed in the table above, except where the transfer occurs during the cooling off period.
- 27.12 Similarly, for students with approved tuition fee loans transferring into the UCO following registration at a different institution, the UCO will expect to receive the tuition fee funding from the liability period following the transfer.
- 27.13 Maintenance support is released to students 3-5 working days after the UCO submits a registration confirmation to Student Finance. Students are responsible for ensuring that a complete and approved funding application is in place and that all necessary documentation, including a signed declaration, has been submitted to Student Finance.
- 27.14 Tuition fee support from Student Finance is paid directly to the UCO when an attendance confirmation is submitted to the SLC.
- 27.15 Students waiting for support from Student Finance are required to arrange for the payment of their fees to the UCO.

28. STUDENT FINANCE POSTGRADUATE MASTER'S LOANS (MSc OSTEOPATHY (PRE-REGISTRATION) HOME/UK STUDENTS ONLY)

28.1 Students registered on the MSc Osteopathy (Pre-Registration) course can access a Postgraduate Master's Loan from Student Finance. This loan can be used for course fee and living costs. It is paid directly to the student.

For further information and eligibility <https://www.gov.uk/postgraduate-loan>

29. DISCOUNTS

29.1 Early payment discounts are offered to students who pay their fees for the academic year in full on or before the beginning of the year as shown in the table below:

30. FINANCIAL SUPPORT

- 30.1 The Student Finance Officer should be contacted immediately if a student is experiencing any difficulties in paying their fees. The UCO provides several services to help students, such as:
- a) Payment plans
 - b) Advice and assistance on government financial support (loans and grants);
 - c) Advice on other loans and grants available through the UCO.
- 30.2 Students who are experiencing financial difficulties should also seek advice from the Student Support Officer.

32. FAILURE TO PAY TUITION FEES

- 32.1 Students retain ultimate responsibility for the payment of their fees owing to the UCO regardless of sponsorship agreements.
- 32.2 Students who have withdrawn from a course will still need to pay the outstanding fee liability.
- 32.3 The UCO will try to accommodate the needs of its students wherever reasonable. If a student is having problems paying tuition fees, it is essential that the student contact the UCO as soon as possible to discuss any alternative arrangements.
- 32.4 If a payment for fees is missed or defaulted upon, the student must contact the Student Finance Officer who may refer them to the Student Support Officer to arrange a support meeting to discuss circumstances, funding availability and a payment plan.
- 32.5 In cases of unexpected and significant hardship, the Finance Director has the discretion to consider and agree special or exceptional payment arrangements.
- 32.6 In the event that the student misses a payment date for other charges or repayment of loans, the student must contact the relevant department (e.g. the library for fines on late return of books).
- 32.7 Students who fail to arrange to pay tuition fees within a satisfactory time can have the following sanctions applied:
- a) Withdrawal of library borrowing rights;

- 32.8 The type of sanction imposed by the UCO will depend on the circumstances, including but not limited to the size of the debt, the student's payment history and how close the student is to completing the course.
- 32.9 Where the student has failed to pay their tuition fees within a satisfactory time, they will receive a warning by email. If the student does not pay the debt set out in the warning, the UCO can impose sanctions.
- 32.10 If a student pays a debt in full, the UCO will lift the sanctions. It will also re-register a student (where appropriate) provided the student can give clear proof of improved finances that have been agreed by the Finance Director.

- 32.11 The UCO takes seriously any attempt to pay through illegal means and invokes the Code of Conduct Policy & Disciplinary Procedure (for students) in cases of fraud, use of counterfeit credit cards or other false payments. This may result in a student being disciplined under the Code. Such incidents (including information about the UCO's investigation) will also be reported to the police or other authorities.
- 32.12 Students must not assist other students, who are subject to sanctions, to access the UCO's resources.
- 32.13 If the UCO continues to provide services to the student even though fees have not been paid in time, this does not in any way mean that the UCO gives up any of its legal rights, including the right to bring any action against the student for non-payment of fees.
